

# CF-18/CF-19 Vehicle Dock

**Excellence in Engineering. Engineering in Electronics**

St. Paul's House, 21-23 St. Pauls Square, Birmingham, B3 1RB

## Panasonic® Approved

The Tempus developed Vehicle Docking Station, manufactured in the UK for use with the Panasonic CF-18/CF-19 rugged laptop, has received approval by Panasonic Japan for the European and overseas market.

The unit is of robust steel construction externally, with a high quality finish and is powered by connection to a 12 volt vehicle supply.

- CF-18/ CF-19 dockable in notebook or tablet format
- Designed for easy docking and undocking
- Simple recessed release catch with optional lock
- Full port replication
- Suitable for installation in a wide range of vehicles
- Quick and Simple Installation
- RoHS compliant

The Tempus CF-18/CF-19 ruggedised vehicle dock is easy to use and offers a versatile, reliable solution for the Utility sector, field service industry and other mobile workers. More than 10,000 Tempus vehicle docks for the CF-18/CF-19 currently in every day service in the UK.

For more information on the Tempus CF-18/CF-19 vehicle dock, or any of our mobile solutions, please e-mail Phil Ash ([phil.ash@tempus.co.uk](mailto:phil.ash@tempus.co.uk)), alternatively call +44 (0)121 233 3100.

**TOUGHBOOK®**

A vertical version of this dock is also available with a damper mechanism
